About my institute MIT

During my college life, I have enjoyed my study and other Activities. And we are happy for support of management, principal sir, QTU Exam coordinators and Faculties.

The faculties of our institute give full support to us study and also for our final year project.

The rules for Attendance are helpful for every student to present in class and grab the knowledge from our faculties which is also helpful for our exam.

The college not only focus on the our studies but also provoke us in other cultural Activities which is beneficial our personal.

I am thankful to my institute to help us to cross the biggest step of my life.

your faithfully

About my institute - MIT

In my institute the professors are always there for students anytime the students need help. It is important to the institute that the students truly understand the materials, instead of just squeezing by. All of the professors have a wide range of knowledge and allow that knowledge to rub off onto students.

They also provide study material which is easy to understand and beneficial for our exam.

Our institute has organized International Conference Workshop, Seminar and also organized Job fairs to get placement for us.

Our institute organized many activities like Techfest, Annual Function, Sports Tournament, Days Celebration, Farewell Parties.

I am thankful to my institute that they had given me such a platform to explore myself.

Yours regardingly

About my Institute MIT

Four years of my degree has been the most memorable moment of my life. The faculty were very liberal due to which we show interest in teaching, and also there was co-ordination between faculty and ^{student} teachers. The college also provide industrial visit for us which improve our practical knowledge, which is also enhance our industrial interaction.

The Infrastructure of our Campus is very gigantic. our campus has canteen & hostel facility including cricket ground, volleyball ground, gym etc. It also has an Auditorium hall, where all the cultural activities & seminar are being held.

I am thankful to my institute helpful to achieve my goal.

Your faithfully.

Tarun
